CITIZEN'S CHARTER 2025

(1ST EDITION)

PROFESSIONAL REGULATION COMMISSION (PRC)

CITIZEN'S CHARTER

2025 (1st EDITION)

FOREWORD

Pursuant to Section 6 of Republic Act No. 11032, otherwise known as the "Ease of Doing Business and Efficient Government Service Delivery Act of 2018", all government agencies including departments, bureaus, offices, instrumentalities, or government-owned and/or – controlled corporations, or Local Government Units shall set up their respective most current and updated service standards to be known as Citizen's Charter.

As compliance to the aforesaid provision, the Professional Regulation Commission (PRC/Commission)— the licensing and regulatory agency of the national government for the practice of regulated professions, hereby establishes its updated Citizen's Charter to serve as guide by the public relative to the services being offered by the Commission. The Citizen's Charter is an official document, a service standard, or a pledge, that communicates, in simple terms, information on the services provided by the PRC to its clients. It describes in detail the comprehensive and uniform checklist of requirements for each type of application or request; procedure to obtain a particular service; person/s responsible for each step; maximum time to conclude the process; document/s to be presented by the applicant or requesting party, if necessary; amount of fees, if necessary, and procedures for filing complaints.

The PRC is committed to support the government's thrust to promote integrity and accountability in the delivery of government services, and institutionalize the promotion of transparency in the transactions of the government with the public, encompassing a program for the adoption of simplified requirements and procedures aimed at the reduction of red-tape and to expedite business and non-business related transactions in government.

CHARITO A. ZAMORA

Chairperson

Professional Regulation Commission

AGENCY PROFILE

I. MANDATE

The Professional Regulation Commission (PRC/Commission) is the licensing and regulatory agency of the national government for the practice of regulated professions created by Presidential Decree No. 223 dated 22 June 1973 mandated to enforce the laws regulating the various professions.

II. VISION

The Professional Regulation Commission is the Instrument of the Filipino people in securing for the nation a reliable, trustworthy and progressive system of determining the competence of professionals by credible and valid licensure examinations and standards of professional practice that are globally recognized.

III. MISSION

To deliberately, scientifically and consistently determine the competence of professionals through the provision of professional standards and judicious issuance of professional license.

IV. SERVICE PLEDGE

We commit to: Protect and promote public interest, welfare, health and safety by regulating the practice of professions in the Philippines.

Render fast and reliable service to the clients, with transparency and accountability.

Conduct continuous improvement on service delivery by undertaking reengineering of systems and procedure and facilitation of digital transformation to respond to the changing needs of the Philippine society.

For step 2.6 : The interview is scheduled on the 2nd Wednesday of every month based on Office Order No. 496, series of 2015 (Adoption of a Regular Schedule of the Panel of Experts Interview to Candidates of ASEAN Chartered Professional Engineers). The Panel of Experts is composed of representatives from PRB, CHED and PTC.

For step 2.6: Memorandum of Agreement (MOA) between and among PRC, CHED and PTC, Assessment Statement and Implementing Rules and Regulations (IRR)

For step 2.13: ACPECC (ASEAN Chartered Professional Engineer Coordinating Committee): composed of Professional Regulatory Authorities from ASEAN Member States

For step 2.13 : ACPECC meetings convene thrice a year based on ASEAN schedule (e.g. February/ June/ October)

NOTE: The whole process is governed by the ASEAN Trade-in Services Agreement (ATISA), pertaining to Article 17 on Recognition: To recognize the education or experience obtained, requirements met, or licenses or certifications granted in another Member State, for the purpose of licensing or certification of service suppliers.

This gives basis for the ASEAN Mutual Recognition Arrangement on Engineering Services which aims to: (a) strengthen economic linkages and provide greater opportunities for economic development; (b) increase trade and investment in the area of services and create larger markets and greater economies of scale; (c) reduce barriers to trade and investment in services and create a predictable busi ness environment; (d) strengthen economic relations between Member States through: inter alia promoting and facilitating utilization of the greater opportunities provided by the Agreement; promoting regulatory cooperation; developing co-operation in the field of human resource development; and increasing the participation of small and medium enterprises in trade and investment activities; and (e) narrow development gaps between Member States to achieve a more equitable, balanced and sustainable socio-economic development.
